

Dear Parishioners,

This past week, we celebrated Catholic Schools Week where we bring to attention the many ways that we are blessed within our school community. It is great that we are able to provide an outstanding education for our students that include fantastic technology, strong arts programs, foreign language advancements, high school classes in 8th grade, college classes in high school, and a well-rounded extra-curricular program, all in addition to a strong core curriculum. As we look to produce future involvement and leadership, in both community and the church, it is crucial that we continue to provide well-rounded and rigorous academic programs.

Most importantly, we are able to offer all of the above in a Catholic school environment that allows us to intertwine our faith life with our education. Prayer is part of each day as an entire school, in individual classes, before meetings, athletic events and other gatherings. Students and faculty/staff have annual retreat opportunities, regular sacramental options, and weekly Mass. Students have year-round religion classes and engage in community service individually, as members of school organizations, and as an entire school family. Students are encouraged to develop service ideas of their own as well as participating in already provided options.

A junior recently brought forth the idea for students to serve as pallbearers for funerals where there are not enough family members or friends to fulfill the need. This student has engaged other students in this idea and is meeting with Fr. Jason to bring this proposal to fruition. Another student group is developing the idea for a kick ball tournament to benefit a young cancer victim. Regular activities include hosting blood drives, working with younger children, and the running of food, clothes, and toy collections for those in need.

The opportunities for this excellent education, within the context of faith knowledge and service, can only happen due to the support of each and every one of you. Your financial contributions, support of school activities, prayer, and sharing of talents make all of this a reality. Thank you for all that you do to help nurture the development of our future church and community members and leaders.

God Bless,

Mike Savona

Dear Parish Members of Holy Angels: Once again, on behalf of the Catholic Community Supper program, THANK YOU for your most generous donations each month. Holy Angels may be "small" in numbers but truly you all have "HUGE AND CARING HEARTS". You are all amazing! Over 500 deodorants were collected in December and well over 1500 rolls of toilet paper were collected in January. All your donations are greatly appreciated by our friends who attend the Supper Program. God Bless you for your Generous Ways!

In today's gospel, Jesus went to the "house of Andrew and Simon" to relax but discovered that Simon's mother-in-law was very ill. Like Jesus we come home to relax but are confronted with problems. Take a tip from Andrew and Simon who "told Jesus about it at once".
